Ilya Pyatikhatko

Front End Developer

EXPERIENCE

02

2024.04 - Present

Self-employed

Working part-time and improving skills

2022.03 - 2024.04

Incode Group

Developed front-end solutions for CRMs, dashboards, marketplaces, and SaaS platforms using React/TypeScript. Focused on reusable UI components, performance optimization, state management, API integration, and modern styling.

2021.12 - 2022.02

Part-time, Full Stack Project

Built an MVP for an Etsy listings uploader using Google APIs, implemented OAuth for Etsy and Google accounts, developed a REST API with Express.js, and validated spreadsheet data.

2019.11 - 2021.12

FTECH

Developed reporting dashboards, refactored legacy code, mentored new developers, and enhanced development tools and practices
